**Fixed Wooden Frame  
For Pet Treatment**

## Product Features

- 01 Pet specific protective frame, including three major parts: main frame, bilateral chest rest, and protective strap
- 02 There are knobs on both sides of the chest support, with adjustable width to adapt to the patient's chest width
- 03 The main bracket is made of solid wood, wrapped in a leather cover and lining, providing comfortable sleeping experience
- 04 The fixed strap can adjust the tightness and length, suitable for patients of different sizes
- 05 The animals conduct safe acupuncture and moxibustion operations in a conscious state, fully exposing commonly used acupuncture and moxibustion points
- 06 Suitable for other operations such as blood collection, injection, infusion, wound cleaning, local anesthesia surgery, etc
